Perforated Paper

May 13, 1949

Mr. Willard F. Greenwald
Philip Morris & Co. Ltd., Inc.
119 Fifth Avenue
New York 3, N. Y.

Dear Bill:

Herewith the patents on the cigarette with the perforations in the wrapper. There are a number of French, British and German patents also on cigarettes of this type.

As I told you over the phone, cigarettes with a row of holes around the cigarette about an inch from one end were on the market some years ago under the trade-marks "Airflo" and "Airet", but that enterprise was not adequately financed and the project had to be abandoned.

Very truly yours,

Brown
